THE WORK FILES:

Creative Jobs

People spend a big part of their lives at work, so it's very important to choose the right job. When you do something you really enjoy, you feel happy. Today we're taking a look at creative jobs. Would you like to do one of them?

Artist

Professional artists usually go to art school. They learn to use different materials to create a work of art. They use pencils to make drawings, oil paints, acrylics, or water colors to make paintings, and metal or wood to make other works of art. Artists show their work in art galleries. A work of art can be very expensive.

Photographer

Photographers travel a lot and take pictures of people and places all over the world. Their work is sometimes difficult or dangerous, like when they take pictures of

wild animals. They sell their pictures to websites, newspapers, magazines, and television news shows. They also sell books with their pictures.

Fashion Designer

Fashion designers create the clothes we wear. First, they draw sketches with their ideas. Then they cut patterns to make dresses and many more things. Designing clothes can be a lot of fun. Fashion designers show their work in fashion shows or do photo shoots for magazines.

14 Interview a partner. Take notes in your notebook. Share with the class.

- 1 Do you like art? Do you have a favorite work of art?
- 2 What kinds of pictures do you like to look at (people, fashion, etc.)?
- 3 Do you like fashion? What kinds of clothes do you usually wear?

What other creative jobs can you think of?
 What talents do you need to do a creative job?
