CLAUDIA'S BLOG

Dear Friends,

Sorry I haven't blogged for a while. I've been a bit busy lately. You'll find out why ... But first of all, have you ever heard of geocaching? It's a kind of treasure-hunting game that uses a GPS device – usually your smartphone – to find small containers called geocaches. These are hidden all over the world – but usually people start with geocaches that are close to their home. The great thing about geocaching is that it leads you to some beautiful and amazing places that you probably didn't know about. I can definitely recommend it – it's healthy and it's fun. Although I should warn you that it's also seriously addictive!

So how does it work, exactly? Well, the first step is to go to the geocaching website or download the geocaching app onto your phone. Then you choose a geocache and you start looking. People have been hiding geocaches for more than ten years, so there are literally millions of them around the world. There are sure to be some near your home, wherever you live. (There are geocaches across all seven continents, including Antarctica!) Some are very hard to find. They may be hidden beside a river, up a tree, or even below the ground.

Geocaching is quite a new game: it began around the year 2000. However, similar games did exist in the past. For example, in the middle of the 19th century, a game called 'letterboxing' became popular in the south of England. People who enjoyed walking in the countryside began to hide boxes all along the route. These boxes contained postcards addressed to themselves. When other walkers found a box, they collected the cards and posted them. This often took many weeks, because the boxes were often hidden in remote places, not by the paths.

In geocaching, the boxes don't contain postcards. They contain a logbook, where the person who finds it can write their name and the date. (They also record the find on the website.) As well as the logbook, geocaches often contain a toy or gift. You are welcome to take this, provided you replace it with something you have brought with you.

The basic game just involves finding a geocache and recording it online and in the logbook. However, there are lots of variations. For example, there are multi-cache challenges, where each cache contains the co-ordinates for the next cache, until you reach the final cache containing the logbook. There are also 'travelling caches', where each person who finds the cache then hides it in a different location and updates the information on the website. And there are 'webcam caches'. When you do these, you don't find a physical container or logbook; you find a public webcam and then capture an image of yourself on the webcam as proof that you have been successful. I've tried all of these types, and personally, I've enjoyed the multi-cache challenges the most.

Geocaching is an activity you can do alone or, like me, with a couple of friends. But there are also geocaching events where you can get together with hundreds of other fans of the game. For example, the 'Fumble after Dark' event is held every November in Sweden and sounds like great fun. About a thousand geocachers get together for a day of talks and presentations about geocaching. And then they head outside into the darkness for some night-time adventures! I've been enjoying my geocaching experiences so much that I'm seriously thinking about going to 'Fumble after Dark' next year. So why don't you get into geocaching too, and I might see you there!

Bye for now!!

Claudia

- 1 **SPEAKING** Match the photos with two clubs from the list below. Which clubs from the list would you like to belong to? Give reasons.

School clubs art club astronomy club baking club ballroom dancing club computer club debating society drama society film club fitness club handball club photography club school choir school orchestra science club

- 2 Read the task and the blog post below. Which clubs from exercise 1 are mentioned? Which other clubs that are not in exercise 1 are mentioned?

Your school recently organised an open day for parents and students to find out about extra-curricular activities. Write a blog post about it for the school website.

- Where and when did the event take place?
- Who attended the event?
- What happened at the event?
- Give your personal opinion of the event and say what effects the event has had.

One Saturday last month, the school organised an open day for students and parents to learn about all the school clubs. The event took place in the playground and also in the school hall.

More than two hundred people came to the school to find out about the activities the school can offer. Most of them were parents of primary school children who are going to start at the school in September, at the beginning of the next school year. Some students who are already at the school were there too, as well as most of the teachers.

More than twenty different school clubs had stalls in the playground. Students and teachers at the stalls explained to the visitors what goes on at the clubs. In the school hall, there were karate displays from the martial arts club and a short performance by the choir.

In my view, the day was a great success. Everyone seemed to have a very good time. Since the open day, lots of people have been asking for information about clubs. As well as that, the school has received suggestions for new clubs, including ballroom dancing and ice skating!

- 3 Answer the questions about the blog post.

What phrase does the writer use to ...

- a say when a past event took place? _____
 b introduce a personal opinion? _____
 c introduce an additional point? _____

Writing Strategy

Where there is a word limit for the writing task, make sure you keep within it. If you went over the limit, decide which words you can delete. For example, there may be unnecessary adjectives or examples. When you have cut the words, make sure that a) the text still makes sense and b) all four points in the task are still covered.

- 4 **SPEAKING** Read the **Writing Strategy**. In pairs, look through the blog post in exercise 2 and suggest twelve words you could delete. Then compare ideas with another pair.

- 5 Read the task below. Then prepare a plan for your blog post by answering the questions.

You recently went to a show performed by a number of different clubs at school. Write a blog post about it.

- Where and when did the show take place?
- Who attended the event and how did they react?
- Give your personal opinion of the event.
- Suggest two improvements for next year.

Paragraph 1

- When and where did it take place?
- Which clubs took part? (Use clubs from exercise 1 or your own ideas.)
